Customer Hardship Policy

Introduction

This Policy applies to all residential customers living in Queensland, New South Wales, the Australian Capital Territory and South Australia who find it hard to pay their energy bills due to hardship. You might experience hardship because of factors like:

- death in the family
- household illness
- family violence
- unemployment
- reduced income.

This Policy explains:

- what we will do to help you manage your energy bills
- how we consider your circumstances and needs
- your rights as a customer in our hardship program.

You can ask a support person to contact us, such as:

- a financial counsellor
- someone who helps you manage your energy bills.

We need your permission to talk to your support person.

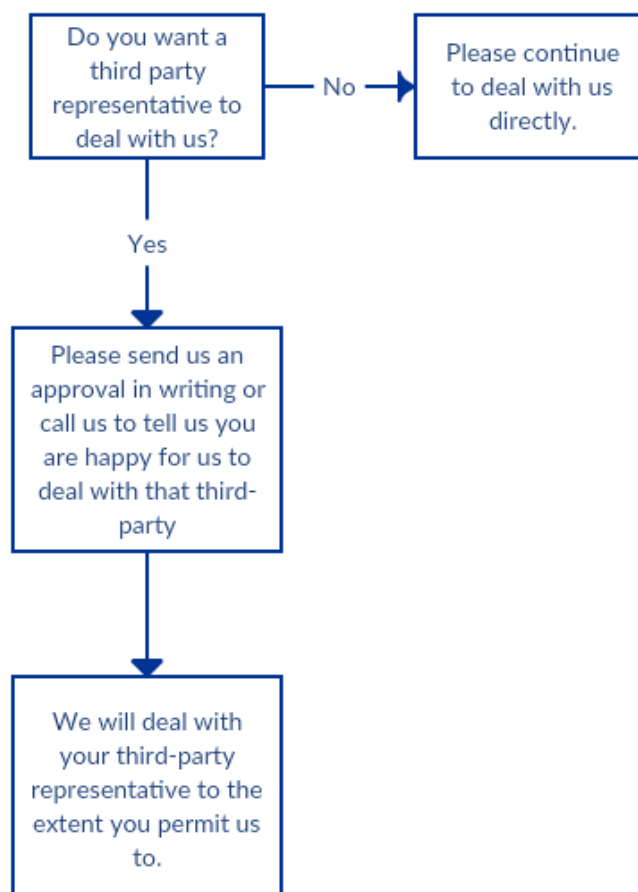

Support Person

You may provide your permission for us to deal with a third party support person via whatever means are convenient to you.

If you would like a support person to represent you, you may request this at any time, and we will send a consent form or phone you to ensure that you consent (we will accept consent via whatever means are convenient to you).

Where you have elected a support person to act on your behalf, we will engage with that support person as we would with you.

The diagram below summarises our approach.

Eligibility for Microgrid Power's Hardship Program

A customer experiencing hardship is a residential customer who would like to pay their energy bill but does not have the financial capacity to do so at that point in time. This situation can arise as a result of a variety of factors, both long and short term, and some of them are set out in the introduction to this policy.

If you are experiencing an inability to pay your Microgrid Power Direct energy bill for whatever reason, please contact us.

We will direct customers to this Policy and our Hardship Program if we believe they might be experiencing hardship.

The diagram below sets out whether you are eligible to participate in our hardship program:

If we decide that you are ineligible for our Hardship Program, we will contact you and let you know of the reasons why.

Re-Entry into Microgrid Power's Hardship Program

We will assess your individual circumstances and eligibility if you have been removed from or choose to leave the Hardship Program, but then want to re-enter our Hardship Program.

Where you have left the Hardship Program because of successful completion of a previous payment plan, then we can agree to a new plan using the process outlined within policy. If you have left the Hardship Program for other reasons, then those circumstances will be reassessed. It may be the case the original payment plan needs to be modified to better fit your circumstances.

In no case will we refuse you entry into our Hardship Program on the basis of a need for you to complete any action or meet any other condition.

What we will do to help you

We will tell you about our hardship program if:

- you tell us you are having trouble paying your bill
- you are referred to our program by a financial counsellor or other community worker
- we are concerned that you may be experiencing financial hardship.

We will recommend you speak to a staff member to help you join our hardship program if you have:

- a history of late payments
- broken payment plans
- requested payment extensions
- received a disconnection warning notice
- been disconnected for non-payment.

We can also support you to join our hardship program if you tell us:

- you are eligible for a relief grant or other emergency assistance
- you have personal circumstances where hardship support may help. For example, death in the family or job loss.

You may have trouble paying your bills for different reasons. Please contact us so we can discuss your individual situation.

Our staff are specially trained to help you with hardship. Staff will:

- ask you a few questions about your circumstances
- work out if you can join the hardship program.

We will assess your application for hardship assistance within 5 business days after contacting us.

We will let you know if you are accepted into our hardship program within 5 business days from receipt of the application.

If you are accepted into our hardship program, we will:

- tell you if you are on the right energy plan or if there is a better plan for you
- tell you about government concessions, relief schemes or energy rebates you may be able to receive
- give you ideas about how to reduce your energy use
- talk to you about a payment amount that suits your circumstances

We can send you a free copy of our Hardship Policy.

Your free copy of our Hardship Policy will be sent to you via your preferred form of written communication.

Payment Options

What we will do

There are different payment options available to hardship customers:

- Payment plans
- Centrepay

When you are in our hardship program, we will offer you flexible payment options to suit your individual situation.

To make your payment plan, we will consider:

- how much you can pay
- how much you owe
- how much energy we expect you will use in the next 12 months.

This will help us figure out a payment plan that is right for you.

We will offer a payment plan to suit your situation. This will include payments to cover:

- what you owe
- an amount to cover your energy use.

Once we agree to a payment plan, we will send you information including:

- who you can contact for more help

- how long the payment plan will go for
- the amount you will pay each time
- how many payments you need to make
- when you need to make your payments (this is also called the frequency of the payments)
- how we worked out your payments.

You can choose to use Centrepay, if you are eligible.

Centrepay is a free service you can use to help pay your bills. Centrepay can automatically take an amount of money from your Centrelink payments to go toward energy bills and expenses.

We will see if another energy plan may be better for you. If you agree, we can transfer you to a better energy plan for free.

Depending on the rules in our Hardship Policy, we may be able to remove some debt, fees or charges you owe. If you miss a payment, we will contact you to see if you need help. We will contact you by your preferred form of communication.

What you must do

Tell us if your situation changes and you can no longer make the payments in your plan. We can then review your payment arrangements.

Tell us if your contact details change.

We may stop helping you if you:

- stop making payments under your plan
- do not tell us when your contact details change.

If you have had two payment plans cancelled in the last 12 months because you did not follow your plan:

- we do not have to offer you another plan
- we might disconnect your energy.

Successful Completion

If you have successfully completed a payment plan or have been able to meet all outstanding payment obligations to Microgrid Power Direct, you can request to be removed from the hardship program at any time. Once confirmed, we will contact you confirming successful completion of the payment plan. You will then be returned to Microgrid Power's normal billing cycle.

Steps we will take

We will take the following steps to help you complete our Hardship Program:

- Adhere to our Hardship Commitments;
- Provide you with the supports outlined in this policy; and
- Communicate with you regularly.

Changing a Payment Plan

Either at your request, or as a result of our quarterly reviews, payment plans can be modified. It is important for you to stay in contact with us, should your circumstances change so we can agree to any plan revisions.

Leaving a Payment Plan

You can return to normal billing and collection processes if you complete the payment plan or pay any previous bill arrears.

If you stop meeting your instalment payments Microgrid Power Direct will attempt to contact you by your preferred method to discuss whether there needs to be changes made to the original payment plan. We can reassess the original payment plan and make changes to help restore payments.

If this contact fails, Microgrid Power Direct will try again within 2 business days. If you fail to respond on our second attempt, we will make a third attempt 2 business days later. If contact is made, we can look to adjust the plan as above.

It is important that you actively participate with our hardship program. If you refuse to engage with us after these repeated attempts to make contact, we will remove you from our hardship program.

You may leave the hardship program by transferring to another retailer.

If, as a participant in the hardship program, you fail to make payments as per the agreed payment plan and refuse to engage with us, or if you transfer to another retailer, you will default back to our usual debt collections process.

Disconnection and debt collection are Microgrid Power's absolute last resort.

Other Supports to help you Pay your Energy Bill

Depending on the state or territory you live in, there are other supports to help you pay your energy bills.

What we will do

We will tell you about other ways you can get help to pay your energy bill, such as:

- government relief schemes

- financial counselling services.

What we need you to do

If you find out you are eligible for these programs, let us know as soon as possible so we can help you.

Information about government concessions and rebates

There are a variety of Government concession and rebate schemes that can assist low income, vulnerable or medically dependent customers. For customers in hardship, we can help customers identify concessions or rebates they may be eligible for and help with applications to the appropriate authorities. In some circumstances we can check the CCES (Centrelink Confirmation e-services) to determine a customer's eligibility for some concessions.

If we become aware that you may be entitled to a concession or rebate or any other form of assistance, we will notify you by email or phone. Further information on relevant assistance programs can be found by visiting the following websites:

- New South Wales, visit www.energy.nsw.gov.au/energy-consumers/financial-assistance
